

2024 NUC & PACKAGE SUPPLIERS LIST

This is a work in progress. Some of the listings do not have their 2024 pricing but their 2023 prices have been noted. Please do not rely solely on the information supplied – check the websites -- verify and confirm with suppliers as to details, deposits, costs, pickups, etc. The suppliers are listed in alphabetical order – no recommendations are made or intended. Since packages take longer to build up in the spring, they are not recommended for beginner beekeepers.

APEX APIARY

Ashley (360) 460-7221
Mossy Elk Farm on Olympic Peninsula

Golden West deep 5-frame nucs \$275

5 deep frames of healthy bees, brood, honey, and a queen in a reusable plastic nuc box. The Olivers' nucs' queens are raised in their nuc, so you will never get an unaccepted queen in a cage. We include 1 pound of pollen supplement to be fed to the bees during poor weather. No box returns necessary. Nucleus hives must be picked up in Shoreline. We do not ship bees.

Local overwintered and spring nucs \$250

5 deep or 8 medium frames of healthy bees, brood, honey and a queen. Our overwintered and summer nuc queens are raised in their nuc and get to lay for an extended period. Even our spring nucs, made with CA/OR queens, are given a full month to acclimate to their nuc so you will never get an unaccepted queen in a cage. Overwintered and spring nucs also include one pound of pollen supplement to be fed to the bees during poor weather. Nucleus hives must be picked up in Shoreline. We do not ship bees.

SEATTLE HONEYBEES

<https://facebook.com/Seattlehoneybees>

Kathy Cox & Tracy Klein

2024 information and pricing

Tired of buying packages of bees from CA that crash every fall? Buy local instead. We will have a limited number of western and deep 5-frame LOCAL bees in nucs available again this spring. All the queens are locally mated, and while supplies last, you can choose between over-wintered or spring queens.

Pick-Up in Renton (or potentially meet me along the southern route to my cabin in Quilcene). Timing is weather dependent: Late April/early May for over-wintered queens and a month later for spring queens.

Carboard box nuc \$275.00

ProNuc box \$290.00

Private message via Facebook to ask questions, reserve your bees and arrange payment -- act soon -- sells out quickly.

5-frame nuc \$185 (\$85 deposit to reserve -- \$100 due by March 2024)

Our nucs come with about 3 pounds of bees already established in a 5-frame colony with a Carniolan Queen (a hardy, gentle breed). This small colony consists of brood in all stages of development, with pollen and honey giving it everything it needs to grow. Most importantly, our nucs are raised in the Great Northwest. Our NUCs will be in the newly designed Pro NUC reusable plastic NUC boxes, limited quantities. While these NUC boxes are normally \$19.95 when returned clean and with all the pieces you will receive a \$10 store credit for each box. These boxes can be used for many different purposes and are a great value for those who wish to keep them.

20-frame colony \$350

These fully established 20-frame colonies with a Carniolan Queen (a hardy, gentle breed) consists of a large colony of bees at all stages of development. Brood, pollen and honey frames give colony everything it needs to grow. Most importantly, our bees are raised in the Great Northwest. You must provide the transportation boxes for transport. We can provide 4 fully refundable pro NUC boxes if needed
